

*Vision: Every child in every district receives the instruction that they need and deserve...every day.*

# **Empowering Effective Instruction Across Bilingual School Models: A Collective Data-based Decision Making Process**

English Learners Alliance Conference, March 10, 2016

**Nicole Kaye**, Oregon Response to Instruction & Intervention

**Liliana Jimenez**, Fern Hill Elementary, Forest Grove SD

**Amy Harlow**, Fern Hill Elementary, Forest Grove SD

# Session Overview

- In this session, you will:
  - Learn about a collective data-based decision making process to support for ALL students (100% Meetings)
  - See a case example of enhancing the process to match to the needs of bilingual students in a Native Language Literacy School in Oregon
  - Have an opportunity for Q & A

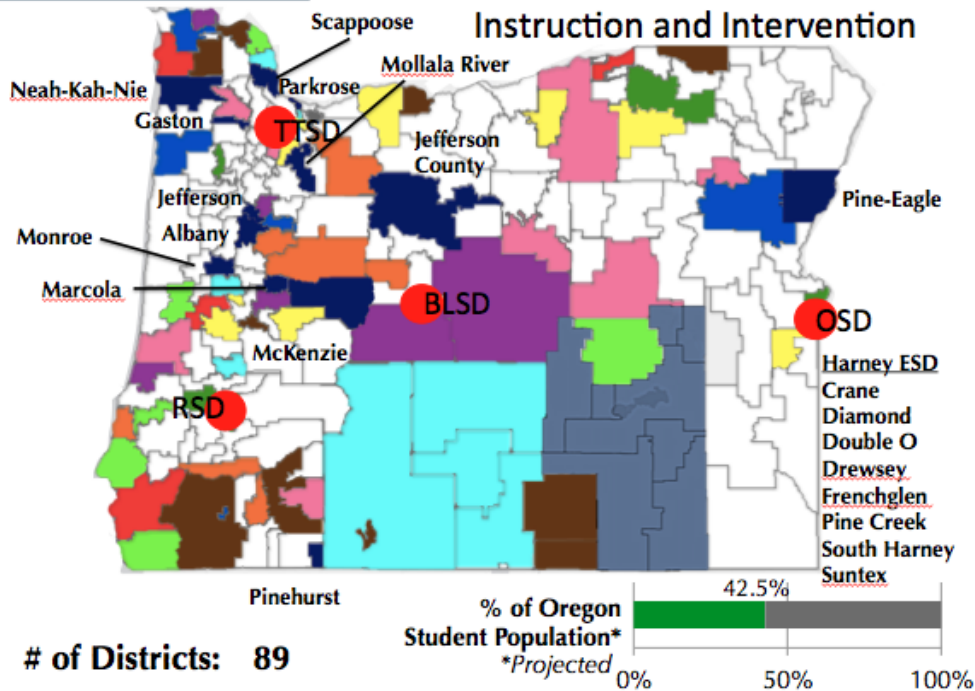

**HELLO**  
my name is

*Nicole*

Cadre 10: 2014-2015

Oregon To Response to  
Instruction and Intervention

- Oregon RTII project Implementation Coach
- PhD in School Psychology – University of Oregon
- Literacy interventionist experience pre K-12
- International school settings (Costa Rica & Ecuador)

**HELLO**  
my name is

*Liliana*

- Title One Teacher at Fern Hill Elementary School in Forest Grove, Oregon
- English Language Teacher for 5 years in Colombia
- Spanish Teacher for 3 years in Oregon
- Bilingual Teacher for 15 years in Forest Grove, Oregon
- Reading Interventionist for 2 years in Forest Grove, Oregon

HELLO

my name is

*Amy*

- ELD teacher at Fern Hill Elementary School for 9 years.
- Title One Teacher and Intervention Specialist at Fern Hill Elementary for 9 Years
- Spanish-English core literacy teacher

# Purpose: 100% Data Meetings

- Determine if the *grade level* is benefiting from core instruction
- AND
- Refine core instruction to better meet the needs of **ALL** students at the *grade level*.

# RTI Team Structures

Meetings	Purpose	Students	Data
<b>100% Meetings</b>	Review effectiveness of tiered systems of support and make adjustments	ALL	Screening (CBM), Attendance, ODRs, SBAC
<b>Group Intervention Review Meetings (20% Meetings)</b>	To make changes for students in interventions	Some students	Progress monitoring (CBM)
<b>Individual Problem Solving Meetings</b>	To further intensify interventions for those in need	Few Students	Progress Monitoring (CBM)

Trying to make good decisions for  
our students can feel like this...

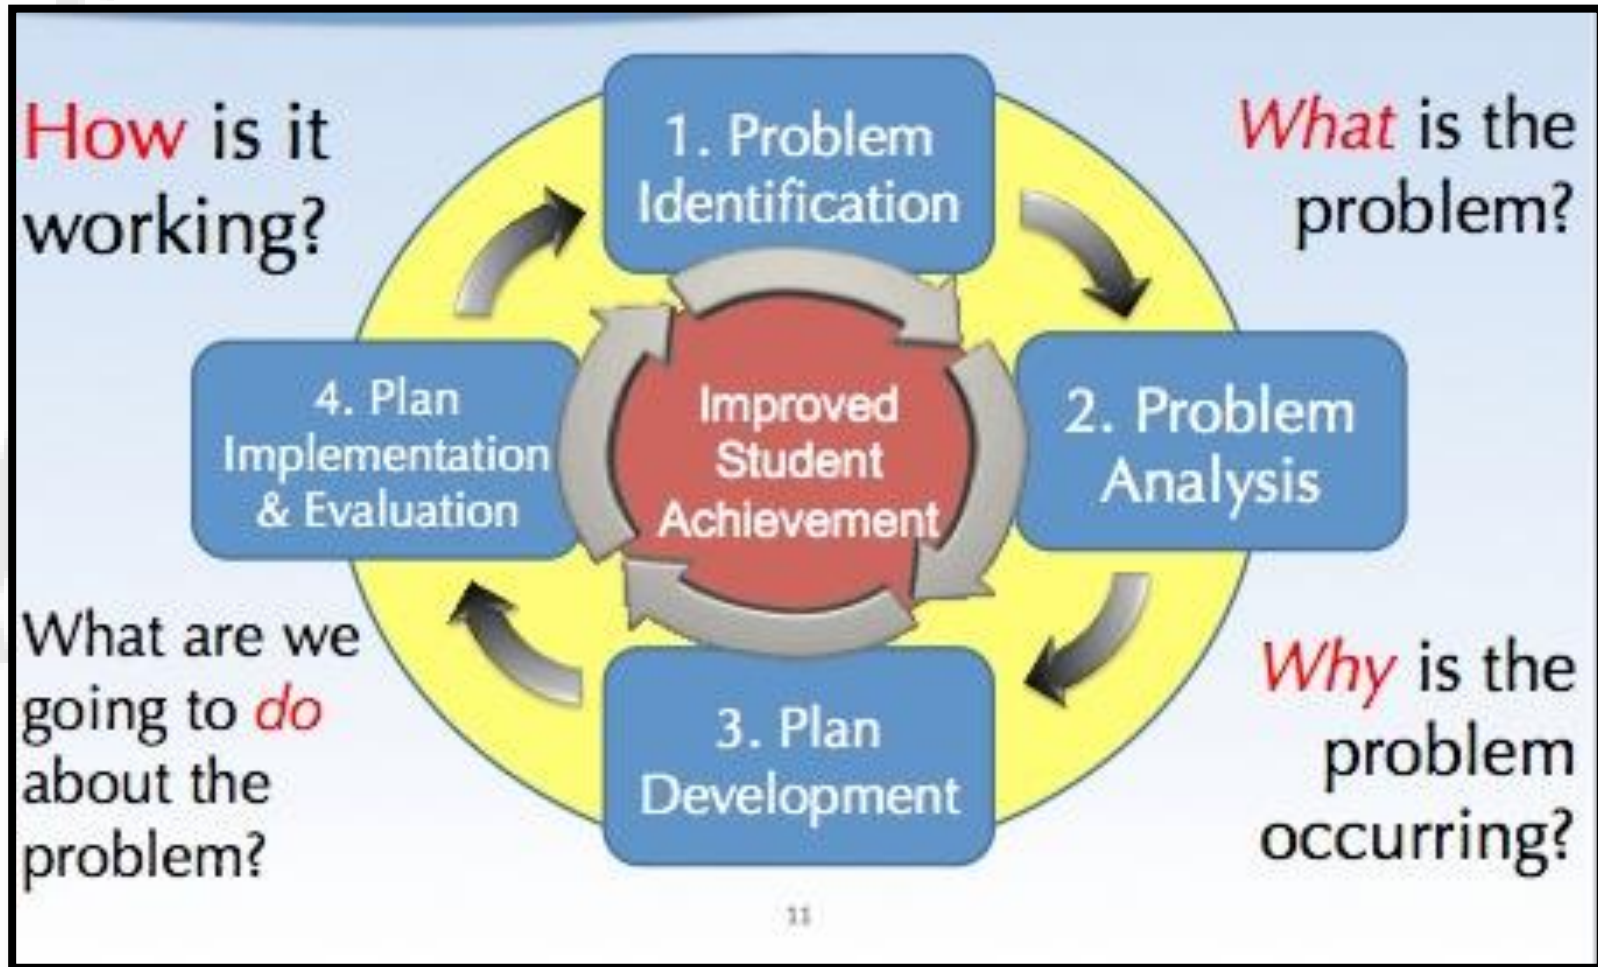

Trying to make good decisions for  
our students can feel like this...

# 100% Meeting Process

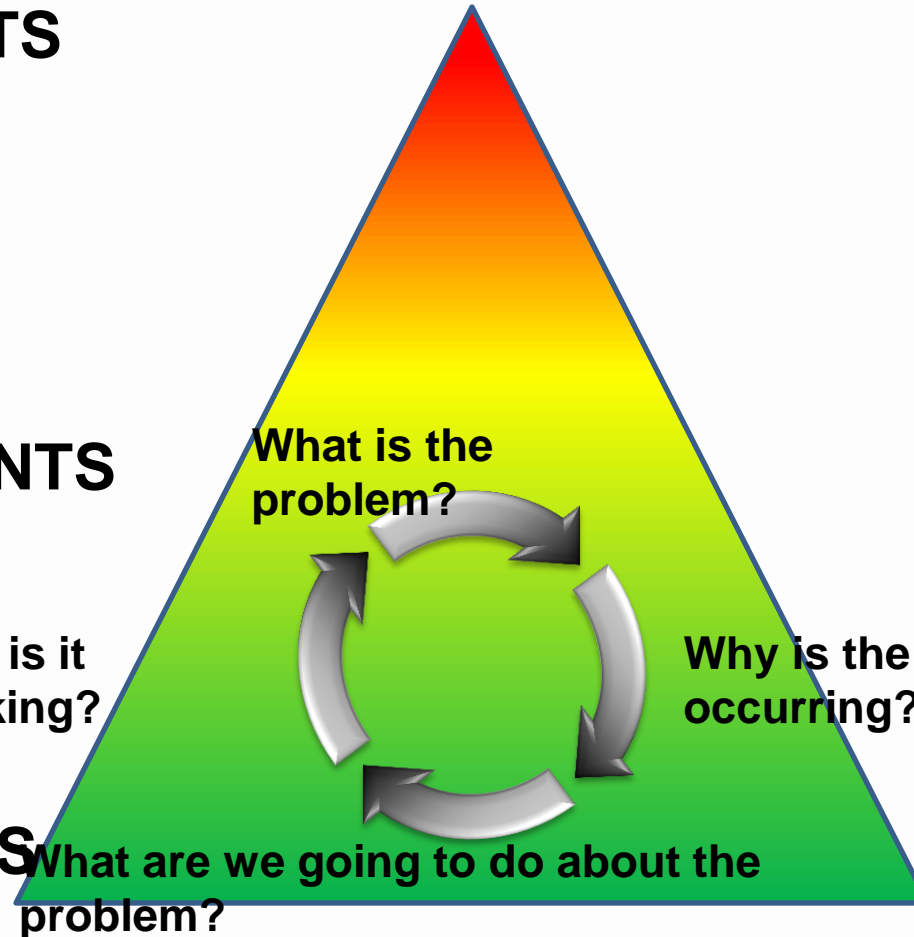

11

# Problem Solving Across Levels of Support

**Tier 3:**  
**Individual Problem Solving**  
**Meetings**  
**FEW STUDENTS**

**Tier 2/3:**  
**20% Meetings**  
**SOME STUDENTS**

**Tier 1:**  
**100% Meetings**  
**ALL STUDENTS**

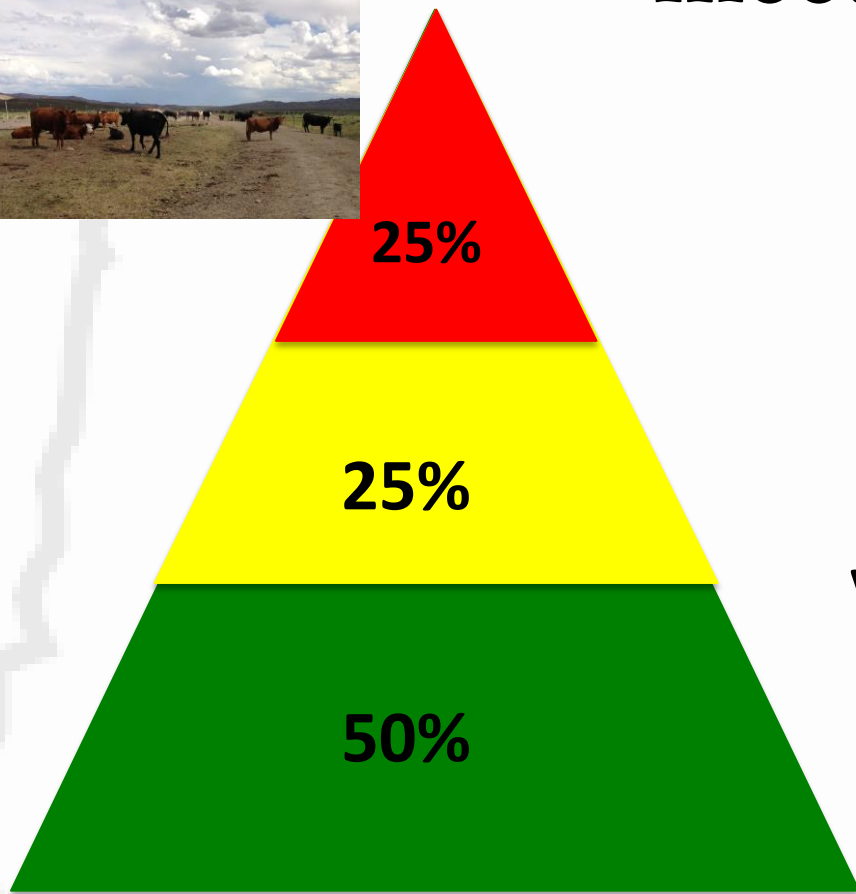

# Why Problem Solving?

Framework to identify, analyze & address needs at all levels

- *Consistent*
- *Efficient*
- *Effective*
- *Sustainable*

# Why do we look at *whole grade level* core instruction for 100% meetings?

VS

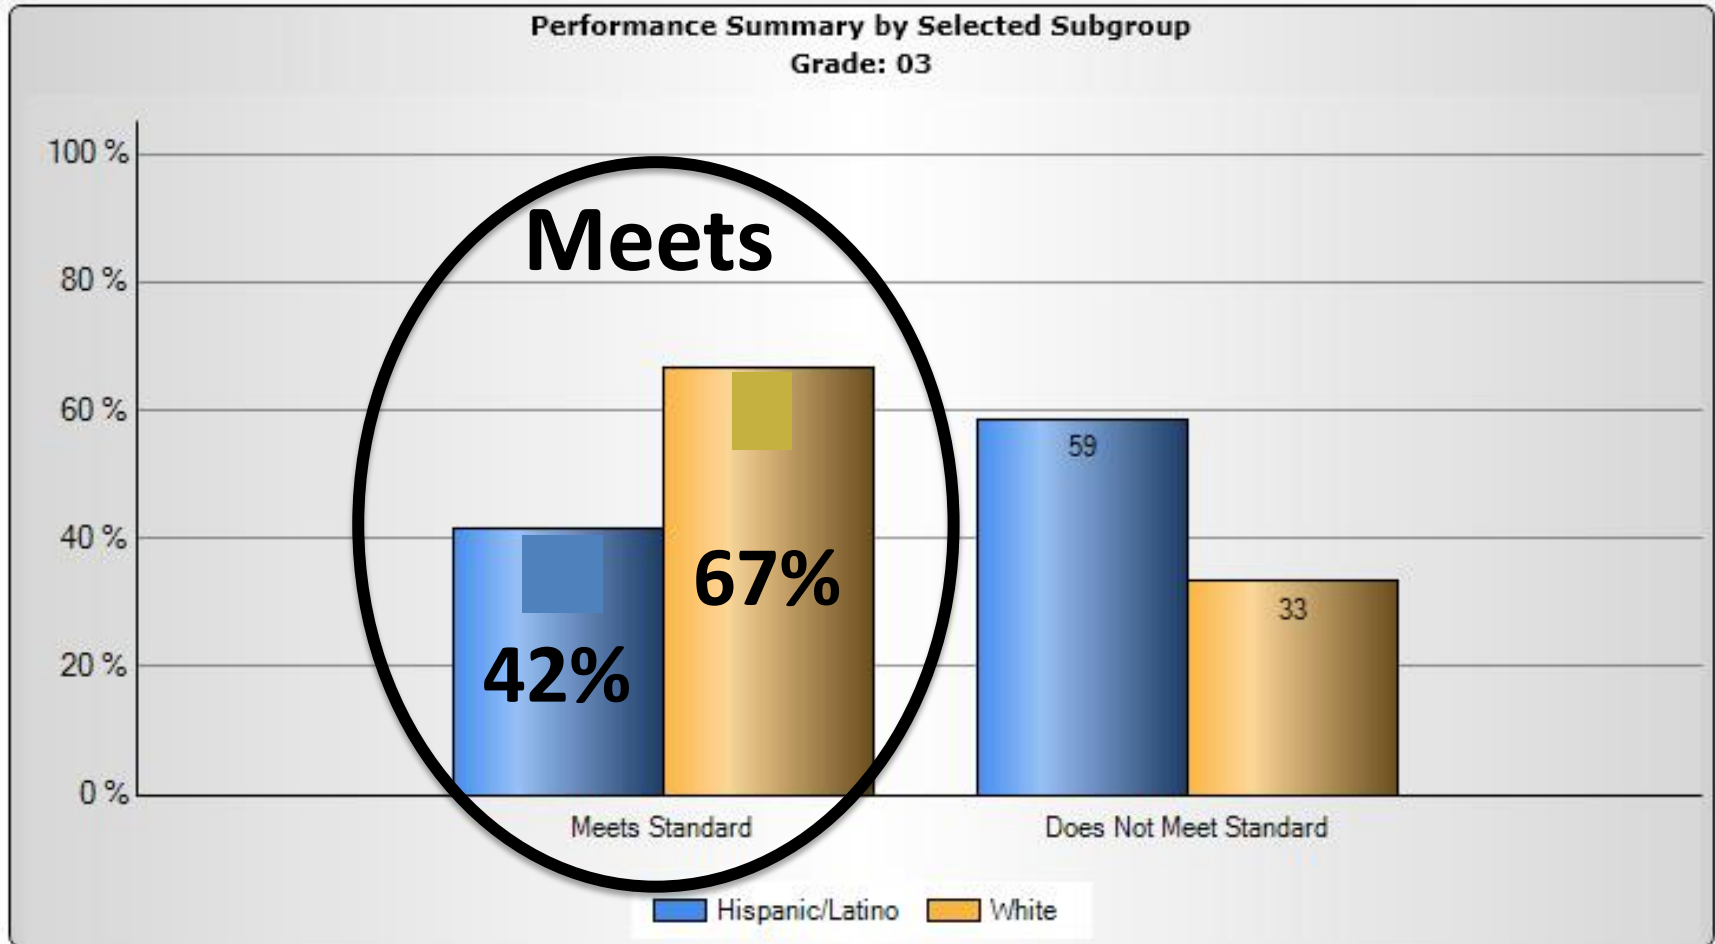

*Is this a whole grade level need or a some students need?*

# ALL Oregon Districts

## OAKS 2013-14

# ALL Oregon Districts

## OAKS 2013-14

# 100% Meeting General Features

**When:** 2-3 times per year (following collection of your **schoolwide screening data**)

**Who:** Principal  
Literacy Specialist/Title I  
Counselor  
Grade level team  
Could include SPED, ELL, School Psychologist, Paraprofessionals

# 100% Meeting General Features

What:

Use **schoolwide screening data** to answer questions about core instruction

Outcomes:

Identify which of the 5 Big Ideas need additional focus **AND** develop a plan (with a goal) for improving grade level achievement

# Step 1: Problem Identification

A problem is defined as a discrepancy between:

Where we want to be  
Using Data/Evidence

Where we are

Problem  
Definition

# 1. Problem Identification

Do your teachers “trust the data?”

“I think...”  
“I feel like...”  
“I believe...”

**VS.**

“Our  
data/evidence  
indicates...”

*How clearly are you currently defining “problems” in your school? Do you primarily rely on the data?*

\*Is the grade level where we want them to be?

Where we are

\*Is it a whole grade level need or a some kids need?  
**At least**

Where we want to be

## 2. Problem Analysis

**Why** is the problem happening?

\* What is the grade level's *priority skill need(s)*?

- Comprehension
- Vocabulary
- Fluency
- Phonics
- Phonemic Awareness

# Literacy Skills: English

## Foundational Skills

Oral Reading  
Accuracy & Fluency

Phonics  
(Alphabetic Principle)

Phonemic Awareness

Reading Comprehension

Vocabulary

Reach & Teach All Students

# What is the priority skill need?

5 Big Ideas	Percentage of Students at Benchmark
Comprehension	57%
Vocabulary	75%
Fluency	65%
Phonics	60%
Phonemic Awareness	85%

*We want the priority skill to be close to 80% (at least)*

# 3. Plan Identification

*\*How should we address the priority skill need(s)?*

- *Make common agreements*

# The water....

Focus on “the water”-

- Instruction
- Curriculum
- Environment

# 3. Plan Identification:

\*Make common agreements around:

**Curriculum**

**Instruction**

**Environment**

(We can control these things)

And **provide professional learning** opportunities to allow staff to implement these agreements

# Focus on the ICE

**Instruction:**

***How*** you teach

**Curriculum:**

***What*** you teach

**Environment:**

***Where*** you teach

**Learner:**

***Who*** you teach

# What professional development do teachers need to implement the plan?

- Model lessons by coach or peer
- Peer lesson observation
- Video a master teacher
- In school experts training at staff meetings
- Instructional highlights at staff meetings
- Include paraprofessionals

# 100% Mtg Agreements

## 100% Data Meeting Agreements Support Document

<b>Grade Level</b>	<b>Priority Skill and focus area</b>	<b>Common Effective Instructional Strategy</b>	<b>Common Active Engagement Strategy</b>	<b>How often When it is being implemented</b>	<b>PD Needs Addressing</b>
K					
1					
2					
3					
4					
5					

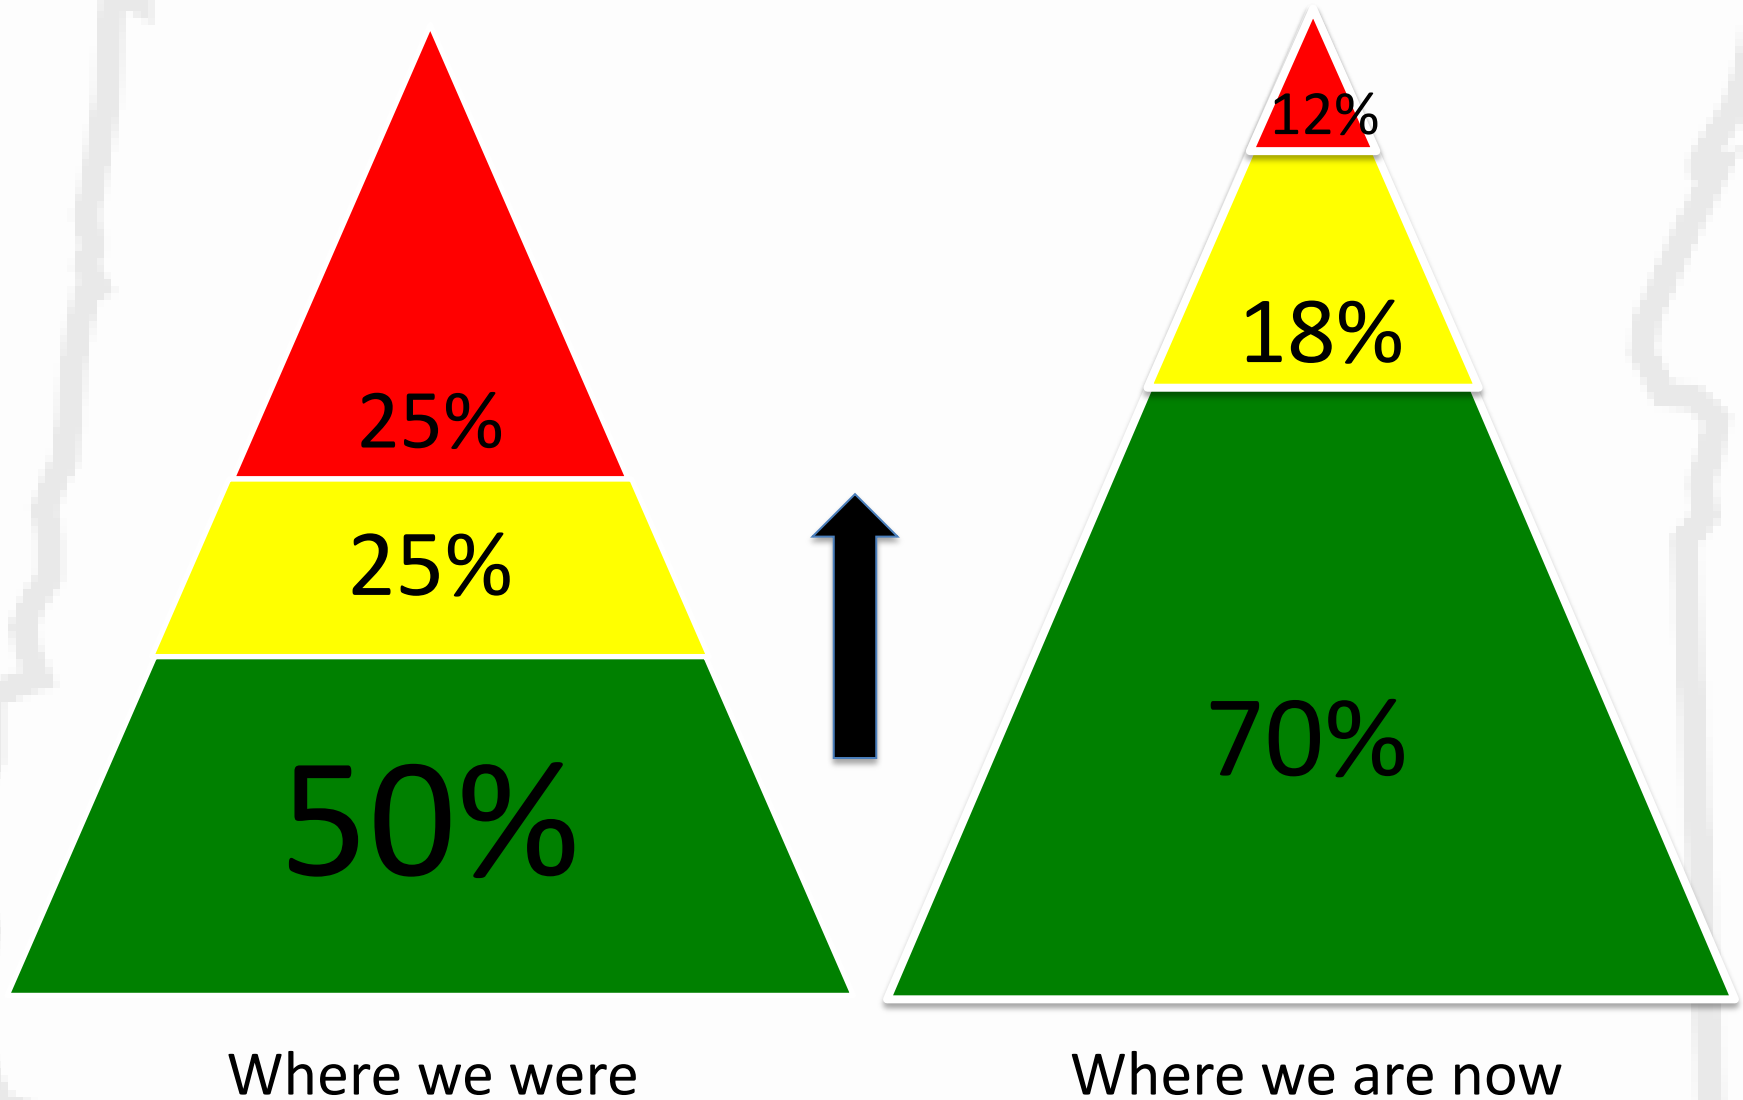

# 4: Plan Implementation & Evaluation

- How do we ensure that we implement our plan?
  - Make it public
  - Revisit the agreements at regular PLC/PLT/SAT times
  - Principal walkthroughs

# 4: Plan Evaluation

## Next Benchmarking Period

# Support for all students

Atul Gawande

Ted Talk - *How do we heal  
medicine?*

**“We need a system”**

Atui Gawande

Ted Talk - *How do we heal  
medicine?*

# Improving Your Core

**Fidelity**

**Active  
Engagement**

**Environmental  
Strategies**

**Common  
Instructional  
Strategies**

**Common  
curriculum needs**

*Vision: Every child in every district receives the instruction that they need and deserve...every day.*

# The 100% meeting process in a bilingual school:

An example from  
Fern Hill Elementary

# Helpful Definitions

- **L1:** native, foundational, or strongest language
- **L2:** secondary and/or weaker, language
- Bilingual Models:
  - Dual Language
  - Two-way immersion (TWI)
  - Native language literacy

# Forest Grove SD (K - 4)

- 2 English-only schools
- 2 Dual Language Schools
- 2 Native Language Literacy schools

# Fern Hill Elementary

- Forest Grove, OR
- 356 students
- Grades k-4
- Native Language Literacy Model (K-3)
- 59% of students are ELL
- 80% of students are Hispanic/Latino
- We are currently considered a 100% poverty school

# Obstacles

- Good data in both English and Spanish
- How to separate the data but still keep everyone working together
- Having all the materials designed for both English and Spanish

Originally all of us felt isolated by  
the differences in our programs

So we found a way to all work  
together with the same goals

# Data AND Thinking Required

ClipartOf.com/212992

# 100% Mtg at Fern Hill

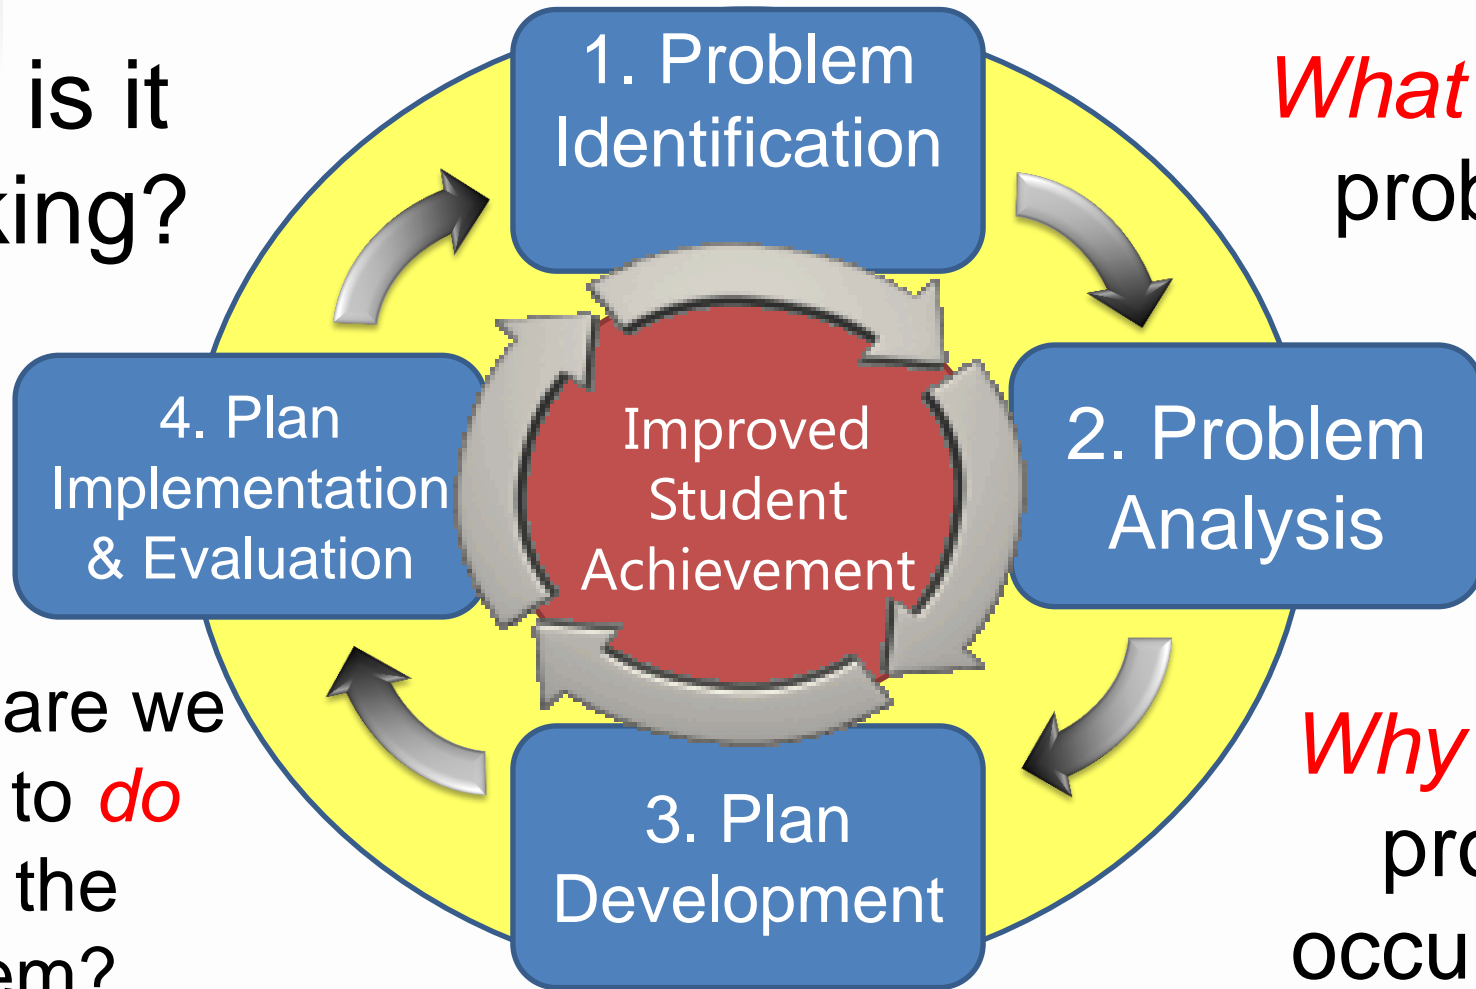

# The Problem Solving Process

## The “Improving the Core” Process

**How** is it working?

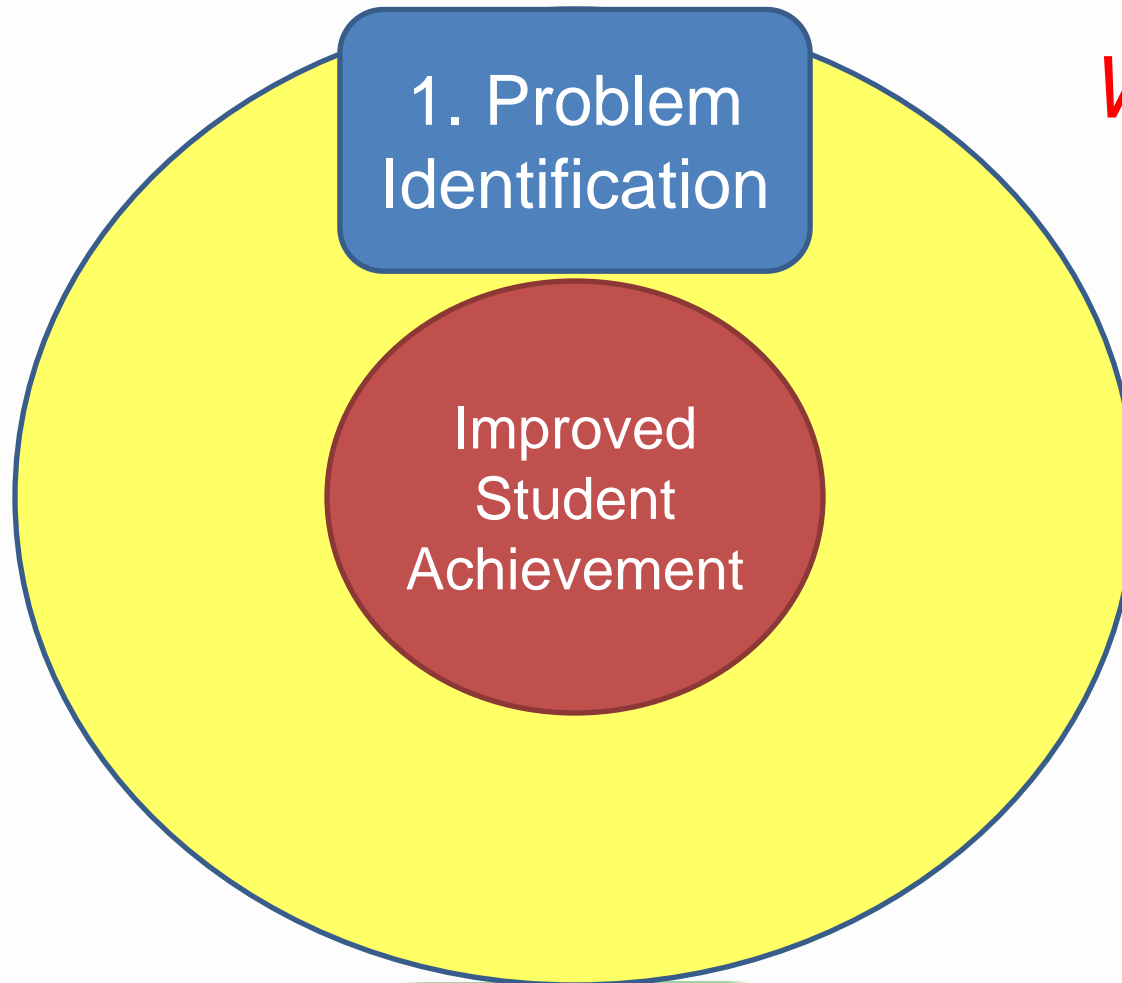

**What** is the problem?

What are we going to **do** about the problem?

**Why** is the problem occurring?

# Step 1: Problem Identification

*What* is the problem?

# Screenshot of agenda: Step 1

## 100% Data Meeting Agenda - English/Spanish Literacy

School: Fern Hill

Grade level: 2

Benchmarking period (circle one):

Fall

Winter

Spring

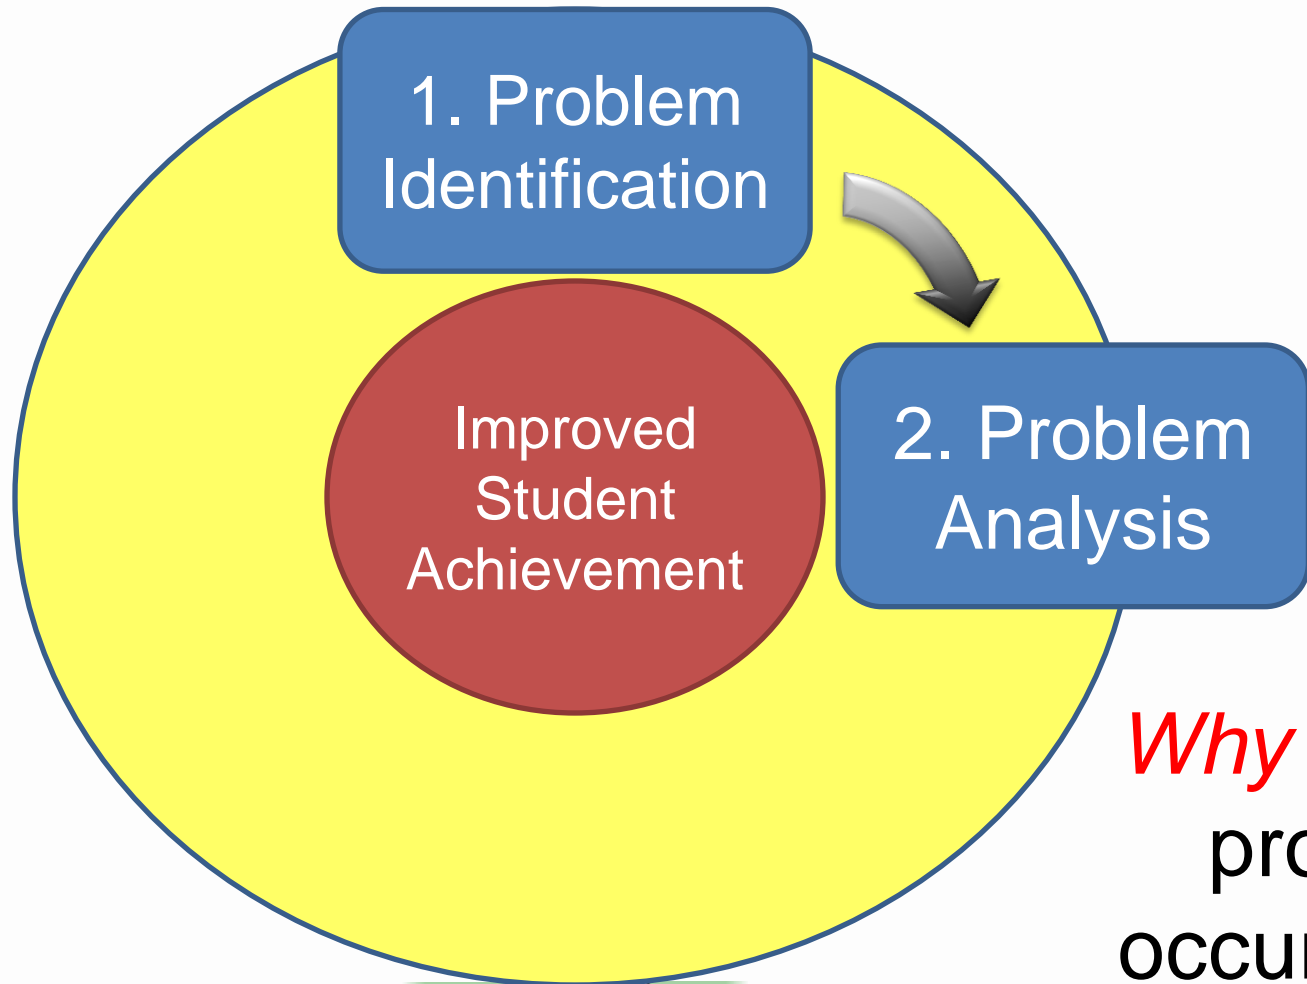

### Step 1a: Problem Identification (What is the problem?)

Based on screening data, is our core program sufficient for most students at our grade level (80% or more above benchmarks)?

- Review and analyze current benchmark screening data. Record percentages below:
- Review and analyze previous benchmark screening data. Record percentages below:
- Using current and previous benchmarking data, set a goal for next benchmarking period. Record below:

Risk Level	Fall		Winter		Spring		Change %		Change %		Change %		Fall Goal		Winter Goal	
	Eng	Span	Eng	Span	Eng	Span	Fall to Winter		Win to Spr		Fall to Spring		Eng	Span	Eng	Span
							Eng	Span	Eng	Span	Eng	Span				
% Low Risk	23%	56%	55%	55%			40%	73%	32	5↑	69%	83%				
% Some Risk	33%	30%	22%	24%			27%	10%	4↓	2↓	13%	10%				
% High Risk	44%	20%	23%	17%			33%	17%	12↓	3↓	14%	7%				

# The Problem Solving Process

# Problem Analysis

## Step 2: Problem Analysis (Why is it happening?)

- a) Chart data to determine which big idea of reading is currently the most important *common instructional need* for most students.

### ENGLISH

Skill	Phonological Awareness	Phonics		Fluency	Vocabulary	Comprehension
easyCBM Assessment	PS	LS	WRF	PRF	Vocab-VC	MCRC
% Low Risk				41%	76%	49%

### SPANISH

Skill	Phonological Awareness	Phonics	Fluency
IDEL	FSF	FPS	FLO
% Low Risk			55%

# Supplementing the Resources

The Spanish resources and tools we developed were the same **FORMAT** (as the English version) but with different (Spanish) **CONTENT**

# Literacy Skills: English

## Foundational Skills

# Spanish Common Instructional Needs

## Spanish Common Instructional Needs

	Kindergarten	1st Grade	2nd Grade	3rd Grade	4th Grade
Phonemic Awareness Conocimiento fonológico	<i>Sound/Word Comparison-comparación de palabras/sonidos</i> <i>Combining and segmenting sentences/words/syllables-La combinación y segmentación de oraciones/palabras/silabas</i>				
	<i>Segmenting/Blending individual phonemes-segmentación/combinación de fonemas individuales</i> <i>Changing words with phoneme manipulation-la manipulación de fonemas para cambiar palabras</i>				
Phonics Fonética	Sounds-Sonidos				
	<i>Open Syllables-Silabas abiertas</i> <i>Syllables for C, G, Q-Silabas de C, G, Q</i> <i>HFW-Palabras del uso frecuente</i>				
	<i>Closed Syllables-Las silabas cerradas</i> <i>Consonant Blends-grupo consonántico</i> <i>Digraphs and soft r-digrafo y r suave</i> <i>Plurals-Plurales</i> <i>Hiatuses/diphthongs-hiatos/diptongos</i> <i>Accentuation-accentuación</i>				
			<i>Compound Words-palabras compuestas</i> <i>Prefixes/Suffixes-Prefijos /Sufijos</i>		

# Step 3: Plan Development

What are we going to *do* about the problem?

# Focus on the ICE

**Instruction:**

***How*** you teach

**Curriculum:**

***What*** you teach

**Environment:**

***Where*** you teach

**Learner:**

***Who*** you teach

# Plan Identification: ICE

## Step 3: Plan Identification (What is the plan?)

What instructional adjustments are needed to improve the health of the core?

### Curriculum

Which priority skill(s) within the identified big idea will be targeted for instruction?

Fryer: Automaticity    Watters: Phonics    Hetu: fluidez y automaticidad  
(irregular words - multisyllabic)

What component(s) of the core can be used for this? ECRI (enhanced core)

Phonics Readers

### Instruction

What *common instructional strategy* will be used by all grade level teachers?

Multiple opportunities to practice

When this is working what will it look like?

ECRI 4-5 x per week 30 minutes whole + small group combined

How long and how often? \_\_\_\_\_

### Environment

What *active engagement/behavior management strategy* will be used by all grade level teachers?

Watters: Choral response    Response Slates: Fryer + Hetu

When this is working what will it look like?

Perky Pace; consistent signals; clear expectations

How long and how often? 4-5 x per week 10-15 minutes (response slates)

What *professional development* is needed to improve the core instruction?

How to structure with multiple levels in the room

## Common Instructional Strategies

### I do it:

- Instructor provides explicit instruction**
  - o Sets the purpose for the instruction
  - o Identifies the important details of the concept being taught
  - o Provides instructions that have only one interpretation
  - o Makes connection to previously-learned material
- Instructor models instructional tasks when appropriate**
  - o Demonstrates the task (e.g. uses think alouds)
  - o Proceeds in step-by-step fashion
  - o Limits language to demonstration of skill
  - o Makes eye contact with students, speaks clearly while modeling skill
- Instructor engages students in meaningful interactions with language during lesson**
  - o Provides and elicits background information
  - o Emphasizes distinctive features of new concepts
  - o Uses visuals and manipulatives to teach content as necessary
  - o Makes relationships among concepts overt
  - o Engages students in discourse around new concepts elaborates on student responses

### We do it:

- Instructor provides multiple opportunities for student to practice instructional tasks**
  - o Provides more than one opportunity to practice each new skill
  - o Provides opportunities for practice after each step in instruction
  - o Provides feedback during and after task completion
  - o Elicits group responses
  - o Provides extra practice based on accuracy of student responses
- Instructor provides corrective feedback after initial student responses**
  - o Provides affirmations for correct responses
  - o Promptly corrects errors with provision of correct model
  - o Limits corrective feedback language to the task at hand

### We do it together:

- Instructor utilizes precision partnerships**
  - o Assigning of roles is based on skill level
  - o Specific roles are assigned to partners (partner 1 talk, partner 2 listen & repeat)
  - o Teacher calls a listener to share partner's thinking
  - o Teacher provides corrective feedback while monitoring conversations
  - o Students follow a student to student feedback protocol
- Instructor utilizes cooperative group work**
  - o Heterogeneous groups are assigned by teacher
  - o Group roles are assigned by teacher
  - o Individual and group accountability is evident
  - o Elicits a high percentage of accurate response from group
  - o Holds same standard of accuracy for high performers and low performers

### You do it alone:

- Students are engaged in the lesson during independent work**
  - o Independent work routines and procedures previously taught
  - o Models task before allowing students to work independently
  - o Checks for student understanding of the task(s)
  - o Students use previously-learned strategies or routines when they come to a task they don't understand
  - o Independent work is completed with high level of accuracy

# Instructional Strategies

# Common Active Engagement Strategies

## How we keep students involved

- Oral Responses
- Written Responses
- Action Responses

*How should we increase our active engagement of the priority skill need?*

# Common Active Engagement Strategies

## Common Engagement Strategies

<i>Oral Responses (Things Students Say)</i>		
<i>Strategy</i>	<i>Useful when...</i>	<i>Description/Suggestions/Examples</i>
<input type="checkbox"/> Choral Responses	The answers are short and the same	Provide an auditory and/or visual signal
<input type="checkbox"/> Partner Responses	The answers are long or short and different	Look-Lean-Whisper; Think and Write-Pair and Write-Share; Think-Write-Share; Assign partner numbers/labels
<input type="checkbox"/> Team Responses	The answers are long and different	Can combine partnerships to form teams; Assign team member numbers
<input type="checkbox"/> Individual Responses	The answer comes from a student's own experience	Can have the students share with a partner first <i>Whip around or pass</i> (students have the option to say an answer or pass)
<i>Written Responses (Things Student Write)</i>		
<i>Strategy</i>	<i>Useful when...</i>	<i>Description/Suggestions/Examples</i>
<input type="checkbox"/> Response Slates (White Boards)	The answers are long or short, more divergent or dependent on personal experience	Set clear expectations (e.g. "After writing the answer, set your pen down)
<input type="checkbox"/> Graphic Organizers	Students organize thinking alone, in partners or teams	Use after reading for greatest impact. Good for retelling
<input type="checkbox"/> Completing a Sentence Frame	Structure is needed to complete correct sentences	Useful with vocabulary instruction
<i>Action Responses (Things Students Do)</i>		
<i>Strategy</i>	<i>Useful when...</i>	<i>Description/Suggestions/Examples</i>
<input type="checkbox"/> Touching or Pointing	The students are younger, struggling to follow along and/or students are off task and a quick action brings back attention	"Put your finger on the word", "Touch the picture", etc.
<input type="checkbox"/> Acting Out/Gestures	Teaching vocabulary	Can use gestures, facial expressions, actions, movements
<input type="checkbox"/> Hand Signals	Reviewing factual information	Can have students form hand signal on desk, then hold up in unison
<input type="checkbox"/> Response Cards	The number of potential answers is limited	True or False; Yes or No; A, B, C, or D; vocabulary words; spelling words; phonics; etc.
<input type="checkbox"/> Manipulates	In small group or at seats	Elkonin boxes; sorting pictures for summarizing/order of events
<i>Alternative Passage Reading Procedures</i>		
<i>Strategy</i>	<i>Description/Suggestions</i>	
<input type="checkbox"/> Echo Reading	Teacher reads a segment, and then student(s) echo back the same segment.	
<input type="checkbox"/> Choral Reading	Teacher and students read aloud together. Read at a moderate rate, after students have read the passage silently	
<input type="checkbox"/> Cloze Reading	Teacher reads aloud and pauses at certain words you want the students to read.	
<input type="checkbox"/> Augmented Silent Reading	Ask students a pre-reading question that they will answer after they read. Have various students "whisper read" to you. Can use exit slips to ensure student accountability	
<input type="checkbox"/> Partner Reading	Partners alternate reading, providing error correction

# How we built instructional expertise at Fern Hill

- Ongoing, embedded training by master teacher Anita Archer
- Enhancing Core Phonics instruction (ECRI templates)
- Model lessons by Specialists
- Peer lesson observation
- Training at staff meetings
- Expert training for Instructional Assistants

# Step 4: Plan Implementation & Evaluation

**How** is it working?

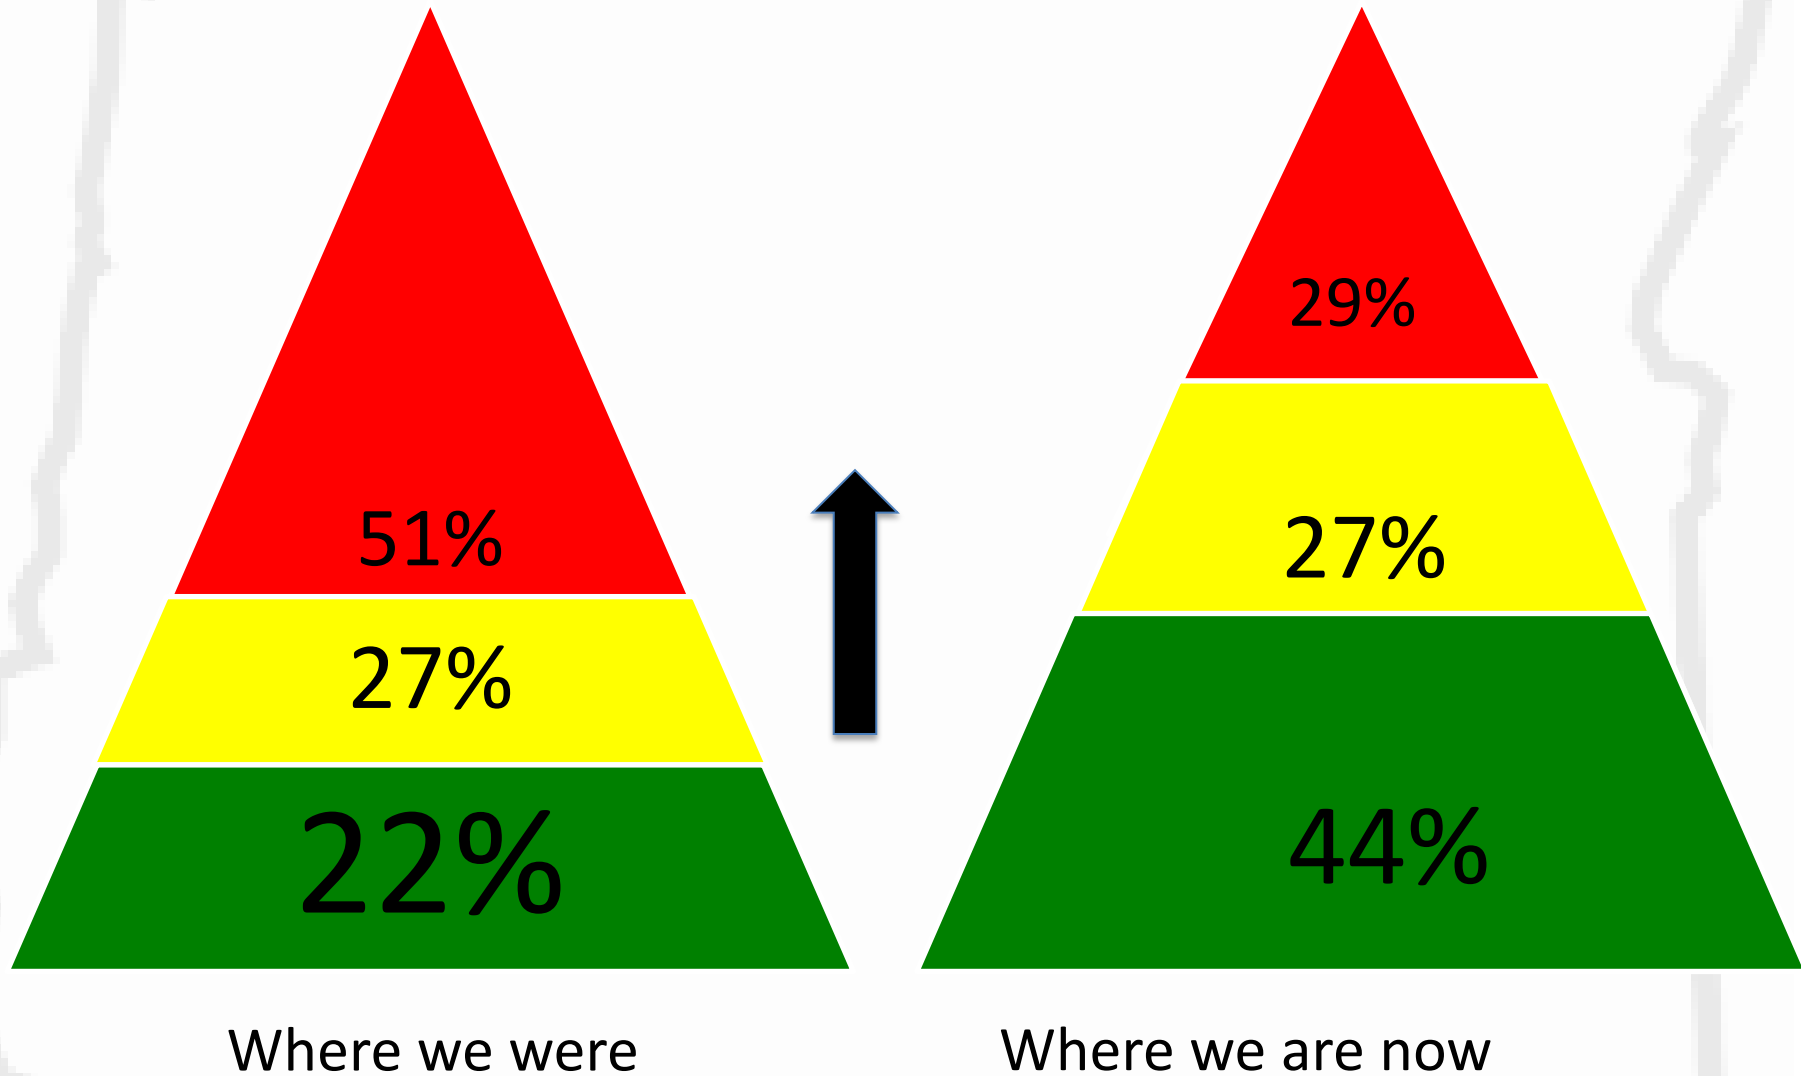

# Make it public

# 4: Plan Evaluation

# Lessons Learned: the Right Tools

- Expertise
- Data
- Protocols
- Resources
- Collaborative action planning meetings
- Add pieces to make it fit our situation

# Lessons Learned: Culture of Collaboration

- Moved from isolation to collaboration
- Culture of continuous instruction improvement
- ALL students are **ALL OUR** students

# Lessons Learned: Leadership is Key

- Funding allocated to serving a vision:
  - Teaming structures
  - Professional development and building expertise across the system
  - Alignment
  - Support

# Lessons Learned: the Change Process

- If you wait until you are 100% ready, you will never begin
- Let your data and the needs of your students guide you
- If you need it and it does not exist create

**It WORKS and our  
students DESERVE it!**

# Our Goal: Student Success
