

# Early Warning Systems in Action

19 June 2015 40<sup>th</sup> Annual COSA Seaside Conference

Denise Wright - Centennial School District Kendra Hughes - REL NW

## **REL Northwest Region**

### **Research Alliance**

"A group of stakeholders who share a specific educational concern and agree to work together to learn more about the concern so that they can make sound decisions to improve education outcomes."

(REL Performance Work Statement, April 2011)

#### **Priority: Increasing graduation rates and readiness for postsecondary education and careers**

# **OLN Research Alliance**

- Equity in High School Graduation Task Force
  - Increase high school graduation and completion rates, and eliminate disparity in graduation rates among student groups.
    - Increase the use of tools and processes to review dropout and graduation data through a lens of equity
    - Increase the use of research-based practices to improve graduation rates

# Why Early Warning Systems?

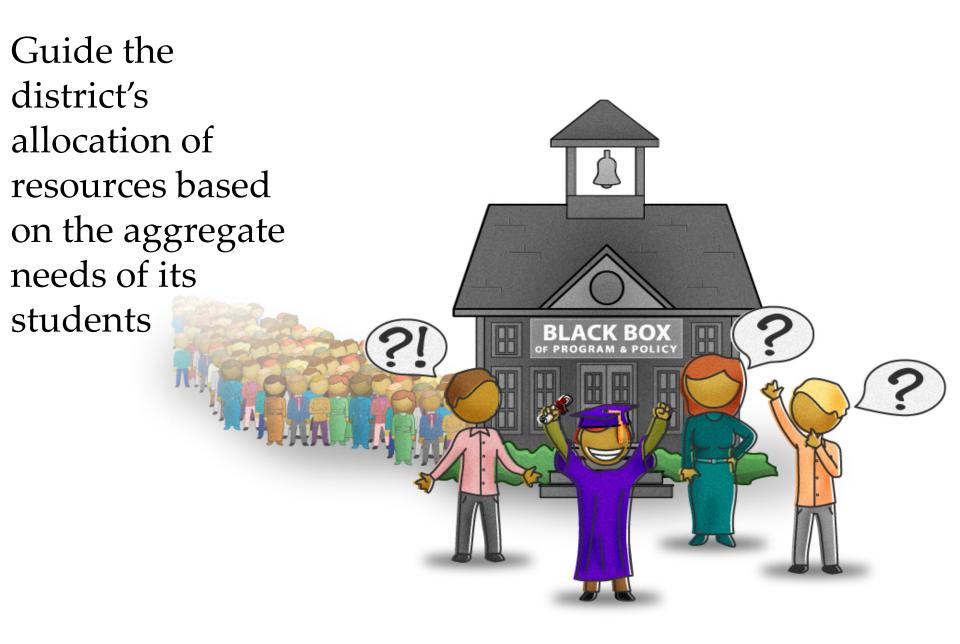

# According to the National dropout prevention center for students with disabilities...

- One high school student drops out every 26 seconds
- Missing one day a week of school from K-11<sup>th</sup> grade is the equivalent of missing 5 semesters of schooling
- High school students have only 720 days to prepare for postsecondary education, training & employment
- Differences exist between graduates and dropouts as early as Kindergarten
- By the third grade, dropouts can be distinguished from graduates with a 66% accuracy using attendance rates alone
- Students with behavior records have only a 17% chance of graduating on time

Adapted from Loujeania W. Bost, PhD. 2013 COSA Conference

Help the district provide targeted supports that are tailored to each student's individual areas of growth

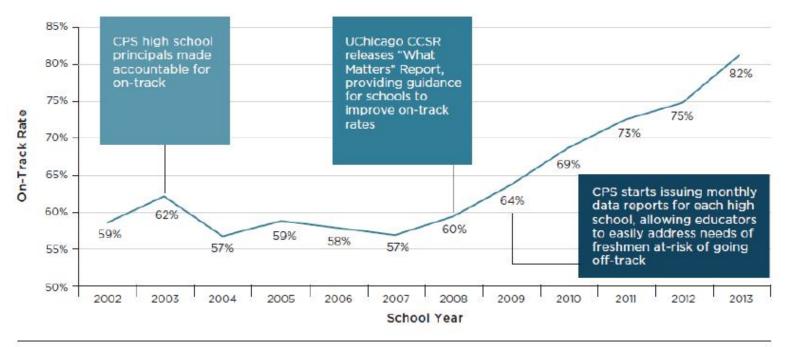

### **Chicago Public Schools**

#### FIGURE 1

Ninth grade on-track rates improved most when schools acted on real time data about student absences and course performance

Note: This figure represents first-time freshmen who are not receiving special education services and are not enrolled in a charter or alternative school.

### Early Warning Systems

#### System

- Data dashboards
- Report generation
- Tracking software

#### Implementation

- Team building
- Tips for system use
- Formative evaluation

**Student Information Systems** 

Implementation

## Establishing EWS Teams

Position	Responsibility
IT staff	Inputs data, collaborates on report
	structures, builds reports, updates data
School team leader	Serves as a liaison for the school with other
	schools and the district, ensures compliance
	with overall mission
District-level leader	Disseminates accomplishments and
	challenges, advocates for policy change at
	district level
Program coordinator	Keeps track of the mapping between
	indicators and interventions available
School counselor	Represents the students' voice, relays what
	is working on a day-to-day basis
Representatives from different	Serve as advisors and provide insight into
stakeholder groups (e.g., content-area	how the system is working for a variety of
teachers, special education and ELL	stakeholders (some systems employ
teachers, equity coordinators, and	different members on a rotating basis)
members of parent/students	
organizations)	

# **Diploma Indicators**

#### **Attendance problems:**

- Can cause a student to fall behind in coursework and consequently earn poor grades
- Can indicate that a student is struggling with health, family, or other personal issues
- Can indicate issues of disengagement or unwelcoming environments at the school level

# **Diploma Indicators**

Behavior incidences:

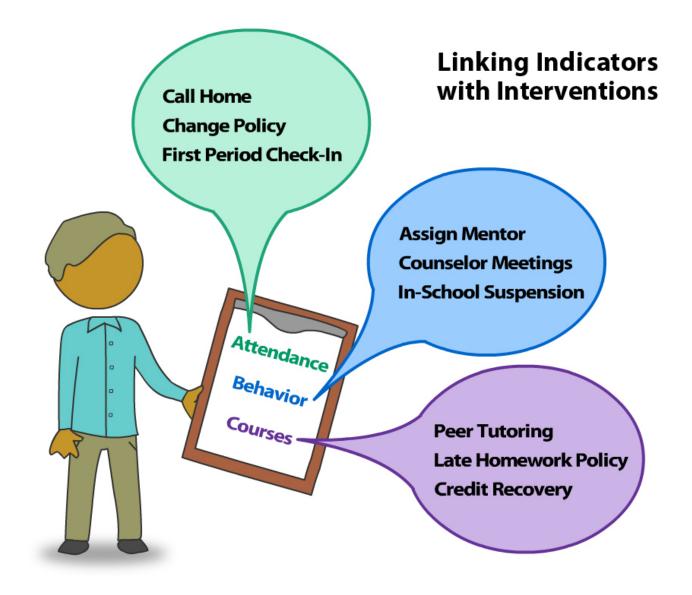

- Can indicate that a student is disengaging from the school environment
- Can create additional strain on a student's ability to catch up

# **Diploma Indicators**

#### **Course performance:**

- Can require a student to make up credit outside of regularly scheduled school time
- Can indicate that a student is disengaging at the classroom level and may need more challenging curriculum and instruction

### Cataloging Interventions: Indicators, Capacity, and Tiers

Attendance			School Name			
Intervention Name	Contact Person	Student Capacity		School Level Program Coordinator	 	

#### **Evaluate the Interventions**

Bobby
 Attendance: Call Home, Free Transport
 Course Grades: Late Homework Accepted

Grace Behavior: Peer Mentors, Counselor Check-In

Joshua

Attendance: Call Home
 Behavior: Counselor Check-In

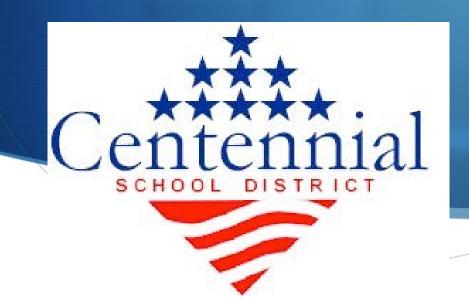

# Using Data for Targeted Outcomes

- Ninth grade transition
- High school graduation
- Postsecondary readiness

### Early Warning System as a Part of the Centennial School District's Multi-Tiered Systems of Support

Denise Wright Student Services Supervisor COSA June 19, 2015

### Outcomes:

#### District Team Process

### • Specific Examples of Building Implementation

Next Steps

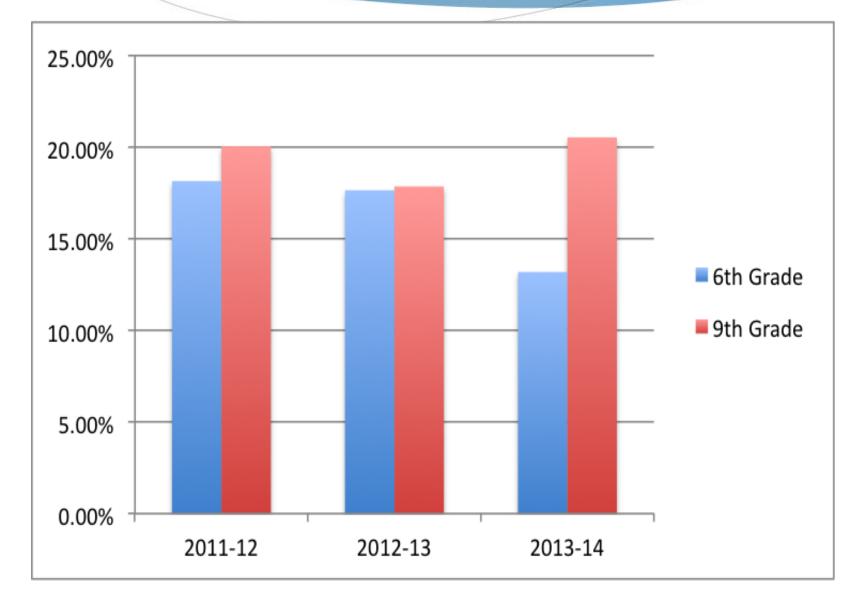

#### **DISTRICT FACTS**

Total Enrollment: 6,700

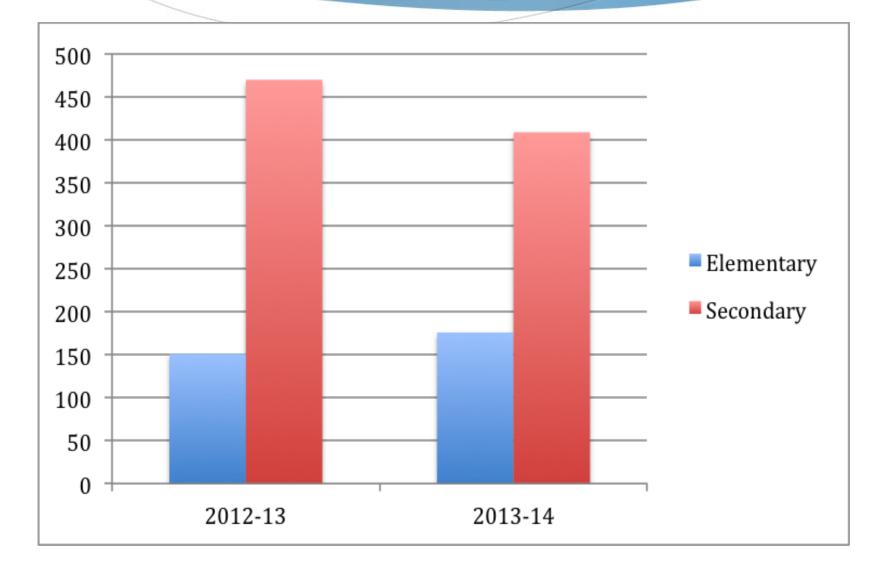

#### Located in East County

- ♦ 31% minority (Latino Students 22%)
- 19% English Language Learners
- 45% Free & Reduced
- ♦ 75.9% (13-14) 9th grade On-Track (credits):
- ♦ 66.8% (13-14) 4 yr. Graduation Rate:

### Attendance-90% or less

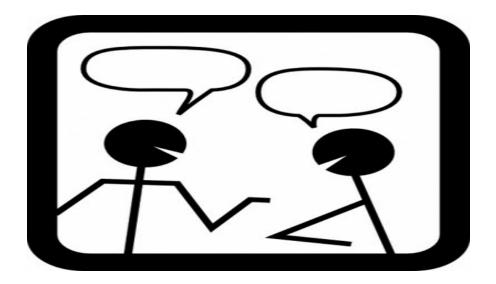

### **Behavior-Out of School Suspensions**

### Turn & Talk

# How does this data look in comparison to your own district/building's data?

# Centennial's EWS Timeline:

2012-13 ◆ Equity Work With District Leaders (CFEE) ◆ PBIS/PLCs	<ul> <li>Attended EWS Introduction w/ FHI360</li> <li>Superintent Support</li> <li>District Self-Assessment</li> </ul>

ightarrow

- Fine Tuned EWS Reports (Secondary)
- Determined EWS Reports (Elementary)
- Adjustments Made to Indicators
- Fall-District EWS Team Meeting
- Oct/Dec. Elementary MTSS Training: -Nov.-PRESENT Individual Building Team Supports
- March High School Overview
- Spring-District EWS Team Meeting

### EWS Work in Centennial School District

#### 2014-15 School Year:

- Adjustments were made to indicators
- Elementary-added attendance to data & interventions/Google Doc
- Middle School-developing report for teams
- Alt. School-Using Attendance reports & developing systems
- High School-incorporating into Student Intervention Team

#### <u>Clearly defined Multi-Tiered Systems of Support (MTSS)</u>

- Multiple teams (3-4) that review & analyze data by race and ethnicity at the team level: PBIS, Tier II & Tier III
- Attendance & Behavior Focus

#### Data Reports

- 3 year plan: Year 1 Finalize EWS report for all levels w/ indicators
- Run consistently twice a month
- Staff use consistently to drive & adjust interventions (bi-monthly)

#### Interventions

- Research based and aligned to each Tier
- Aligned to indicators
- Aligned to student need
- Develop district tracking system (for elementary & secondary) by student for fidelity & success

### New Partner Talk

- Is your district/building engaged in similar tasks?
- If yes, share. . .
- If no, what step connects most with the work your district/building is doing already?

### Centennial Specific Documents

## Data: How's This All Working?

- Graduation-4 Year Rate Increase
- Credits-Increase (specific groups)
- Discipline-Decrease District Wide
- Attendance-Overall Similar, Some Bldg Changes

Discuss with a partner:

- What information stood out to you?
- What examples did you see working in your environment?
- What ideas do you have for next steps?

All Buildings Should Have a Multi-tiered System of Support that:

- Consistently Identifies Students Based on Agreed Thresholds
- Quickly Matches Student Need to Intervention
- Provides Intervention/Instruction
- Monitors for Success (increase or decrease intensity, frequency, duration)

### Outcomes:

#### District Team Process

#### • Specific Examples of Building Implementation

Next Steps
