Detailed Duties of a Class or Club Advisor

This detailed description is intended to provide some clarity regarding expectations and responsibilities of Class / Club Advisors at Gervais High School.

Communication with Parents:

Whenever possible club and class advisors should avail themselves of the opportunity to communicate with parents via the school newspaper, email, or letters home. Communication does not need to be lengthy; a few lines outlining the class or club's most recent activities and upcoming events are sufficient.

Communication with Students:

Throughout the year there are dozens of times where students have questions about what is and is not permitted. This is true of individual classes, a yearbook issue, or a particular club activity. In these situations, the Class/Club Advisor should come to the Principal directly with questions rather than sending students. If a meeting with students seems useful, that certainly can take place. Also, keep the Principal informed throughout the year of how activities are going and if any unique or potentially problematic issues arise. Keep in mind the need for appropriate notice and planning so that events which you might want to schedule can be properly placed on the school calendar and will not conflict with other school-wide events.

Advisors will use appropriate methods and professional discretion for communication with students. Texting and emailing students is allowed but staff must follow the district's electronic communication policy. Use of social networking sites for communicating with students is not considered best practice and is strongly discouraged.

Chaperones for events:

All student social events must have chaperones. The Principal and/or Assistant Principal determine the number of chaperones. It is important that students understand the requirement for sufficient chaperones and that they be involved in seeking chaperones for each of their events. We need to be sure that chaperones are sufficient in number to safely run our many events. Once again, students should understand that it is their responsibility to procure chaperones for events which they wish to run. Please submit the names of chaperones in writing five days prior to the event. Any event which does not have sufficient chaperones will be cancelled. Any activities which take place off campus and require supervised travel should plan for one chaperone for each fifteen students.

Dances:

When a class and/or club wishes to have a dance, it is up to that group to secure the requested number of chaperones and it is the responsibility of the advisor to notify the administration of who the chaperones will be and to arrange for police coverage. This must be done five days prior to any dance, and must be submitted in writing to the Principal.

Trips:

All school sponsored trips must be cleared through the Office of the Principal. All students must have a signed parent/guardian permission slip. All information regarding the trip must be submitted at least two weeks in advance. All transportation is to be arranged by the Advisor. The Advisor is responsible for completing all requisite paperwork and making certain that the funds needed are available through the club/class account.

Posters, Signs and Bulletin Board Displays:

All posters, signs and bulletin board displays are to be checked by the Class / Club Advisor for correct spelling and appropriate slogans and/or pictures. The Advisor must initial each display in the lower right-hand corner. This applies to all fliers as well. When in doubt as to what is appropriate, have it checked by an administrator. All signs, posters and display boards not initialed will be removed and brought to the attention of the particular Advisor. All signs are to be removed when the activity is over.

Announcements:

Morning announcements should be submitted to the Activities Director 24 hours in advance. All announcements must be signed by the Advisor.
